INTRODUCTION

This is a new report that combines the previous Annual Accountability Report and University Work Plans into one new document that is more closely aligned with the Board of Governors' 2025 System Strategic Plan.

This revised document enhances the System's commitment to accountability and strategic planning by enabling comparisons between (previous and revised) goals and actual data to better assess performance. This reporting change will help foster greater coordination between institutional administrators, University Boards of Trustees and the Board of Governors.

Once an Accountability Plan is approved by each institution's respective Boards of Trustees, the Board of Governors will review and consider the plan for potential acceptance of 2016-17 components. Longer-term components will inform future agendas of the Board's Strategic Planning Committee. The Board's acceptance of an accountability plan does not constitute approval of any particular component, nor does it supersede any necessary approval processes that may be required for each comp
