

6.002 Admission of Undergraduate First-Time-in-College, Degree-Seeking Freshmen

(1) FTIC Undergraduate Admission - General. This regulation outlines minimum eligibility requirements for first-time-in-college (FTIC) students seeking admission to an undergraduate degree program in the State University System (SUS). Individual institutions may choose to establish more stringent admission requirements within the parameters outlined in Board of Governors regulations.

- (a) For the purposes of this regulation, FTIC freshmen are defined as students who have earned a standard high school diploma from a Florida public or regionally accredited high school, or its equivalent, and who have earned fewer than twelve (12) semester hours of transferable college credit since receiving a standard high school diploma or its equivalent.
- (b) Eligibility for admission to the SUS does not guarantee admission to the specific institution or degree program to which admission is sought.
- (c) Each university board of trustees shall develop regulations governing the admission of FTIC students that comport with the requirements outlined in Board regulations. Such regulations may allow for exceptions to be made on an individual basis, as outlined in subparagraph 2(b) of this regulation, when a student, in the judgment of an appropriate university committee, can reasonably be expected to perform

course at the end of the term, all grades and credits awarded, and a statement explaining the grading policy of the institution.

- (g) Each transcript should also specify any college credits the student earned through accelerated mechanisms. University weighting of approved accelerated mechanisms in the recalculation of the student's grade point average for admission purposes must be conducted per Board Regulation 6.006(5) Acceleration Mechanisms.
- (h) Each FTIC student admitted to the SUS is expected to demonstrate competency of foreign language or American Sign Language equivalent to the second high school level or higher (Spanish 2, Haitian Creole 2, etc.). A limited number of students not meeting the high school foreign language requirement may be admitted; however, these students must fulfill the foreign language requirement prior to completion of the baccalaureate degree. These students may meet this foreign language admission requirement by demonstrating competency at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution; demonstrating equivalent foreign language competence on the basis of scores determined by the *Articulation Coordinating Committee (ACC) Credit-By-Exam Equivalencies*, as adopted by the Board of Governors ; or demonstrating equivalent foreign language or American Sign Language competence through other means approved by the university.
- (i) Any FTIC student with a disability shall be eligible for reasonable substitution or modification of any requirement for admission pursuant to Board Regulation 6.018.

(2) FTIC Undergraduate Admission. Students shall be considered as meeting minimum SUS eligibility requirements in one of

those described in this regulation by the individual SUS institution to which the student is applying. A student whose high school educational program is not measured in Carnegie Units must present a combined_test score of at least 1450 on the SAT Reasoning Test

to identify options. The SUS will use class rank as determined by the Florida Department of Education.

(3) Any increase, change, or revision in standards of admission must be included in the undergraduate catalog and posted on the university website.
